

STEPPING STONE TIMBER PRODUCTS

# Fire

Kiln Dried Kindling, Firewood  
and Solid Fuel Products

THE UK & IRELAND'S PREMIER  
FUEL PRODUCT FOR OVER 20 YEARS

# Fire KINDLING

Our kindling is split and then kiln dried to a guaranteed moisture content of below 16% (usually below 10%) to prevent condensation forming and to ensure a quick and easy lit fire.

The Carrypack is the preferred choice for both retailer and customer. With a convenient integrated handle and squared form this product can be found inside the retail outlet as well as on the forecourt.

The Sachet is the smallest packaging available and a great product to sell alongside the Carrypack or with the BBQ range.

The Saver, maybe the most recognisable on the forecourts being a clear bag with loose rather than built in kindling. The product inside is the same quality and has slightly more kindling than the carrypack. The packaging (unless specified) is clear without any written description letting the product speak for itself.

Sachet  
Saver

# Fire LOGS

Seasoned Logs have been seasoned for up to 2 years, then split and allowed to air dry naturally under ventilated cover. Hardwood and Softwood available.

Kiln Dried Logs are cured in our purpose built kilns to an average moisture content of less than 18%. Standard log lengths of 7" for softwood and 9" for Hardwood are stocked but these can be adjusted to suit specific requirements.

# Fire FUEL

## WINTER FUEL PRODUCTS

To compliment our timber fuels we also stock Woodchip fuel, Irish Turf and Quality Coal (House Coal, Doubles and Smokeless)

## SUMMER FUEL PRODUCTS

We stock a large range of summer fuels:

- Lumpwood Charcoal
- Charcoal Briquettes
- Instant Light Charcoal Packets
- Mini and Party Grills
- Lighting Fluid and Gel

Our logs and kindling are also popular in the use of Chimineas and Barbeques.

## FSC WORKING WITH THE ENVIRONMENT

### FSC ACCREDITED TIMBER

As well as creating fuel from a renewable source all our timber products are manufactured from timber sourced only from well managed forests accrediting us with FSC Pure status. Our kilns are heated with a Biomass boiler allowing us to utilise any wood waste and avoid use of oil or other fossil fuels.

### FAVOURITE

SSTP Fire Fuels are a favourite with the biggest and smallest distributors in the UK and Ireland. Chosen for our reliable supply of well priced Premier Products. Available from a wide variety of independent and national retailers. We welcome you to join them!

### FIRST CLASS SERVICE

We deliver full or mixed product pallets from one pallet to arctic loads throughout the UK and Ireland with a minimal turn around. Our wood products can be supplied in our own branded packaging or in packaging supplied to us.
